Semi-Annual Report 2008

Mulvihill Pro-AMS

100 Plus (Cdn \$) Fund

Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund

Message to Unitholders

We are pleased to present the semi-annual financial results of Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund (the "Fund").

The following is intended to provide you with the financial highlights of the Fund and we hope you will read the more detailed information contained within the report.

The Fund was launched in 2001 with the original objectives to:

- (1) pay monthly distributions and to return the original issue price of \$25.00 to unitholders on the termination date of December 30, 2016. To provide greater certainty to the principal repayment objective, the Fund has suspended the payment of monthly distributions.

To provide the Fund with the means to return the original issue price on termination, the Fund entered into a "Forward Agreement" with The Royal Bank of Canada ("RBC") whereby RBC will pay the Fund \$25.00 for each unit outstanding on the termination date in exchange for the delivery of the Fund's fixed portfolio. During the six-month period ended June 30, 2008, the Fund earned a total return of 3.87 percent, resulting in an overall increase in the net asset value from \$19.58 per unit as at December 31, 2007 to \$20.34 per unit as at June 30, 2008.

The longer-term financial highlights of the Fund are as follows:

	Years ended December 31					
	June 30, 2008	2007	2006	2005	2004	2003
Total Fund Return	3.87%	2.41%	2.78%	8.19%	5.31%	5.10%
Distribution Paid	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.32000	\$ 1.63956	\$ 2.12496
Ending Net Asset Value per Unit (initial issue price was \$25.00 per unit)	\$ 20.34	\$ 19.58	\$ 19.12	\$ 18.61	\$ 17.51	\$ 18.24

We thank all unitholders for their continued support and encourage unitholders to review the more detailed information contained within the semi-annual report.

John P. Mulvihill
Chairman & President,
Mulvihill Capital Management Inc.

Management Report on Fund Performance

This report, prepared in accordance with National Instrument 81-106 (Investment Fund Continuous Disclosure), contains the financial highlights for the six months ended June 30, 2008 of Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund (the “Fund”). The June 30, 2008 unaudited semi-annual financial statements of the Fund are attached.

Copies of the Fund’s proxy voting policies and procedures, proxy voting disclosure record or quarterly portfolio disclosure may be obtained by calling 1-800-725-7172 toll-free, or by writing to the Fund at Investor Relations, 121 King Street West, Suite 2600, Toronto, Ontario, M5H 3T9, or by visiting our website at www.mulvihill.com. You can also get a copy of the annual financial statements at your request and at no cost by using one of these methods.

Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund

Management Report on Fund Performance

Summary of Investment Portfolio

The composition of the investment portfolio may change due to ongoing portfolio transactions of the Fund. A quarterly update will be available on our website at www.mulvihill.com.

Asset Mix and Portfolio Holdings

June 30, 2008

	% of Net Asset Value
Securities Pledged as Collateral for Forward Agreement (Fixed Portfolio)	111 %
Forward Agreement (Fixed Portfolio)	(21)%
Cash and Short-Term Investments (Managed Portfolio)	16 %
Other Assets (Liabilities)	(6)%
	<hr/> 100 %

Securities in the fixed portfolio have been pledged to the Royal Bank of Canada ("RBC") as security for the obligation of the Fund under the Forward Agreement. As a result, the fixed portfolio effectively has no equity exposure.

Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund

Management Report on Fund Performance

Results of Operations

For the six-month period ended June 30, 2008, the net asset value of the Fund for pricing purposes based on closing prices was \$20.34 per unit (see Note 3 to the financial statements) compared to \$19.58 per unit at December 31, 2007. The Fund's units listed on the Toronto Stock Exchange as PRC.UN, closed on June 30, 2008 at \$19.50 representing a 4.1 percent discount to the actual net asset value.

No distributions were paid to unitholders during this period. The total return of 3.87 percent during this period was primarily due to changes in interest rates, which positively affected the value of fixed portfolio. This is comparable to the return on the Bloomberg/EFFAS Bond Indices Canada Government 5-10 Year at 3.77 percent during the same period.

For more detailed information on the investment returns, please see the Annual Total Return bar graph on page 7.

(3) Trading expense ratio represents total commissions expressed as an annualized percentage of the daily average net asset value during the period.

(4) Annualized.

(5) Net Asset Value per unit is the difference between the aggregate value of the assets of the Fund and the aggregate value of the liabilities of the Fund on that date and including the valuation of securities at closing prices divided by the number of units then outstanding.

Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund

Management Report on Fund Performance

Management Fees

Mulvihill Capital Management Inc. (“MCM”) is entitled to fees under the Investment Management Agreement calculated monthly as 1/12 of 1.10 percent of the net asset value of the Fund at each month end. From August 2004 to October 2005 the Investment Manager voluntarily agreed to defer payment of a portion of its investment management fees. These deferrals in the investment management fees represented decreases in direct proportion to the decline in targeted distribution rates, to a minimum annual investment management fee rate of 0.40 percent of the Fund’s net asset value. Commencing November 2005 investment management fees were reduced from a monthly rate of 1/12 of 1.10 percent to a monthly rate of 1/12 of 0.40 percent, plus applicable taxes, as required by the prospectus when the Fund has not paid distributions for six or more consecutive months. During the year the Investment Manager collected fees at an annual rate of 0.35 percent of the Fund’s net asset value. The Investment Manager may choose at any time to require payment of all or any portion of these investment management fees voluntarily deferred.

Services received under the Investment Management Agreement include the making of all investment decisions in accordance with the investment objectives, strategy and criteria of the Fund. MCM also makes all decisions as to the purchase and sale of securities in the Fund’s portfolio and the execution of all portfolio and other transactions.

Mulvihill Fund Services Inc. is entitled to fees under the Management Agreement calculated monthly as 1/12 of 0.10 percent of the net asset value of the Fund at each month end. Services received under the Management Agreement include providing or arranging for required administrative services to the Fund.

Recent Developments

The primary investment objective of this Fund is to maintain the redemption value of \$25.00 per unit to be returned to unitholders on the termination date of December 30, 2016. To meet this objective, exposure to equities has been eliminated. The managed portion of the Fund holds only cash and cash equivalents while the fixed portfolio contains a forward agreement, which is structured to return \$25.00 per unit outstanding on the termination date, and equity securities that have been pledged as security for the obligations under the forward agreement.

The Bank of Canada held rates steady at 4.25 percent for the second half of 2006 and first half of 2007, then after six months at 4.5 percent, the Bank began lowering its key lending rate.

Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund

Management Report on Fund Performance

There were three rate reductions in the first half of 2008. The Bank Rate currently stands at 3.0 percent. These reductions impacted the yield curve as far as the seven year maturity, at which point, the curve has modestly steepened. The net effect has been positive for the value of our fixed portfolio.

The Fund remains sensitive to changes in interest rates and the shape of the yield curve.

Past Performance

The chart below sets out the Fund's year-by-year past performance. It is important to note that:

- (1) the information shown assumes that all distributions made by the Fund during these periods were reinvested in the Fund,
- (2) the information does not take into account sales, redemptions, distributions or other optional charges that would have reduced returns, and
- (3) the past performance of the Fund does not necessarily indicate how it will perform in the future.

Year-By-Year Returns

The bar chart below illustrates how the Fund's total return for each of the past seven years including the six month period ended June 30, 2008 has varied from period to period. The chart also shows, in percentage terms, how much an investment made on January 1 in each year or the date of inception in 2001 would have increased or decreased by the end of that fiscal year, or June 30, 2008 for the six months then ended.

Management Report on Fund Performance

Related Party Transactions

Mulvihill Capital Management Inc. (“MCM”) manages the Fund’s investment portfolio in a manner consistent with the investment objectives, strategy and criteria of the Fund pursuant to an Investment Management Agreement made between the Fund and MCM dated October 18, 2001.

Mulvihill Fund Services Inc. (“Mulvihill”) is the Manager of the Fund pursuant to a Management Agreement made between the Fund and Mulvihill dated October 18, 2001, and, as such, is responsible for providing or arranging for required administrative services to the Fund. Mulvihill is a wholly-owned subsidiary of MCM. These parties are paid the fees described under the Management Fees section of this report.

Independent Review Committee

On September 19, 2006, the Canadian Securities Administrators approved the final version of National Instrument 81-107 - Independent Review Committee for Investment Funds (“NI 81-107”). NI 81-107 requires all publicly offered investment funds to establish an independent review committee (“IRC”) to whom the Manager must refer conflict of interest matters for review or approval. NI 81-107 also imposes obligations upon the Manager to establish written policies and procedures for dealing with conflict of interest matters, maintaining records in respect of these matters and providing assistance to the IRC in carrying out its functions.

In accordance with NI 81-107, the IRC became operational on November 1, 2007. Members of the IRC are Robert W. Korthals, C. Edward Medland, and Michael M. Koerner.

Forward-Looking Statements

This report may contain forward-looking statements about the Fund. Forward-looking statements include statements that are predictive in nature, that depend upon or refer to future events or conditions, or that include words such as “expects”, “anticipates”, “intends”, “plans”, “believes”, “estimates” or negative versions thereof and similar expressions. In addition, any statement that may be made concerning future performance, strategies or prospects, and possible future Fund action, is also forward-looking. Forward-looking statements are based on current expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and economic factors.

Forward-looking statements are not guarantees of future performance, and actual events and results could differ materially from those expressed or implied in any forward-looking statements made by the Fund. Any number of important factors could contribute to any divergence between what is anticipated and what actually occurs, including, but not limited to, general economic, political and market factors, interest and foreign exchange rates, global equity and capital markets, business competition, technology change, changes in government regulations, unexpected judicial or regulatory proceedings, and catastrophic events.

The above-mentioned list of important factors is not exhaustive. You should consider these and other factors carefully before making any investment decisions and you should avoid placing undue reliance on forward-looking statements. While the Fund currently anticipates that subsequent events and developments may cause the Fund’s views to change, the Fund does not undertake to update any forward-looking statements.

Management's Responsibility for Financial Reporting

The accompanying financial statements of Mulvihill Pro-AMS 100 Plus (Cdn \$) Trust (operating as Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund) (the "Fund") and all the information in this semi-annual report are the responsibility of the management of Mulvihill Fund Services Inc. (the "Manager") and have been approved by the Board of Advisors (the "Board").

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles and include certain amounts that are based on estimates and judgments. Management has ensured that the other financial information presented in this semi-annual report is consistent with the financial statements. The significant accounting policies which management believes are appropriate for the Fund are described in Note 3 of the annual financial statements for the year ended December 31, 2007.

The Manager is also responsible for maintaining a system of internal controls designed to provide reasonable assurance that assets are safeguarded and that accounting systems provide timely, accurate and reliable financial information.

The Board meets periodically with management and external auditors to discuss internal controls, the financial reporting process, various auditing and financial reporting issues, and to review the annual report, the financial statements and the external auditors' report. Deloitte & Touche LLP, the Fund's independent auditors, has full and unrestricted access to the Board.

The Fund's independent auditors have not performed a review of these Interim Financial Statements in accordance with standards established by the Canadian Institute of Chartered Accountants.

Notes to Financial Statements

June 30, 2008

1. Basis of Presentation

The interim financial statements for the Fund have been prepared in accordance with Canadian generally accepted accounting standards ("GAAP"). However, not all disclosures required by GAAP for annual financial statements have been presented and, accordingly, these interim financial statements should be read in conjunction with the most recently prepared annual financial statements for the year ended December 31, 2007.

These interim financial statements follow the same accounting policies and method of application as the most recent financial statements for the year ended December 31, 2007, with the exception of Note 2 below.

2. Summary of Significant Accounting Policies

Commencing January 1, 2008, the Fund adopted Canadian Institute of Chartered Accountants ("CICA") Handbook Section 3862 "Financial Instruments - Disclosures" and Section 3863, "Financial Instruments - Presentation". The new standards replace Section 3861 "Financial Instruments - Disclosure and Presentation". The new disclosure standards increase the emphasis on the disclosure on the nature and extent of risks associated with financial instruments and how those risks are managed. The previous requirements related to presentation of financial instruments have been carried forward relatively unchanged. Adoption of the new standards does not impact the net asset value for pricing purposes, nor the calculation of net assets.

3. Net Asset Value and Net Assets

For financial statement reporting purposes, the Fund applies Canadian generally accepted accounting principles requiring the Fund to value its securities using bid price. However, pursuant to a temporary exemption provided by the Canadian securities regulatory authorities, the Fund can calculate its net asset value using last sale price.

The difference between the net asset value for pricing purposes and the net assets reflected in the financial statements is as follows:

	2008	2007
Net Asset Value (for pricing purposes)	\$ 20.34	\$ 18.50

4. Financial Instruments and Risk Management

The Fund's financial instruments consist of cash, a forward agreement and investments pledged to the Royal Bank of Canada ("RBC") as security for the obligation of the Fund under the forward agreement. As a result, the Fund is exposed to various types of risks that are associated with its investment strategies, financial instruments and markets in which it invests. The most important risks include interest rate risk, liquidity risk, other price risk, short-term investments credit rating and credit risk.

Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund

Notes to Financial Statements

June 30, 2008

These risks and related risk management practices employed by the Fund are discussed below:

Interest Rate Risk

The Fund is comprised of a fixed portfolio, which contains a forward agreement and securities pledged as collateral under the forward agreement, as well as a managed portfolio which holds cash and cash equivalents. The value of the forward agreement is determined by the current level of interest rates and is inversely related to them. Duration is the change in the value of the forward agreement that will result from a 100 basis points change in interest rates and is stated in years. The Fund's duration is approximately 8.5 years.

The forward agreement also has more sensitivity to interest rates than a comparable bond. For example, increases in long-term interest rates will generally have the effect of decreasing the Fund's total net assets. As the majority of the Fund's total net assets are comprised of the forward agreement, the primary risk associated with the Fund is interest rate risk.

Approximately 90 percent of the Fund's net assets held at June 30, 2008 were invested in the Fund's fixed portfolio. If interest rates increased or decreased by 100 basis points as at June 30, 2008, the net assets of the Fund would have decreased or increased by \$1.1M respectively or 7.7 percent of the net assets, all other factors remaining constant. In practice, actual trading results may differ and the difference could be material.

As the Fund approaches the termination date of December 30, 2016, the fixed portfolio will become an increasing proportion of the total Fund assets. Additionally, the Fund's sensitivity to longer-term interest rates will decline, whereas its sensitivity to short-term interest rates will increase.

The market price of the Units may be affected by the level of interest rates prevailing from time to time. In addition, any decrease in the net assets of the Fund resulting from an increase in interest rates may also negatively affect the market price of the Units. To mitigate this risk, excess cash and cash equivalents are invested at short-term market interest rates.

Liquidity Risk

The managed portfolio holds cash and cash equivalents and therefore has minimal liquidity risk. The fixed portfolio contains a forward agreement and securities pledged as collateral under the forward agreement. The forward agreement is to remain in effect for the life of the Fund to return the original issue price to unitholders, is not actively managed and therefore has minimal liquidity risk if units are held to maturity of the Fund. Liquidity risk for the forward agreement arises only upon early redemption or early termination of the Fund possibly impacting the price at which the forward agreement or portion of the agreement is liquidated.

Other Price Risk

The Fund's fixed portfolio, which contains a forward agreement and securities pledged as collateral under the forward agreement,

Mulvihill Pro-AMS 100 Plus (Cdn \$) Fund

Notes to Financial Statements

June 30, 2008

as well as a managed portfolio which holds cash and cash equivalents are not significantly susceptible to market price risk arising from uncertainties about future prices of the instruments.

Approximately 90 percent of the Fund's net assets held at June 30, 2008 were publicly traded securities. These equity securities have been pledged to the Royal Bank of Canada as security for the obligation of the Fund under the Forward Agreement. As a result, the fixed portfolio has no equity exposure.

Short-Term Investments Credit Rating

The following are credit ratings for short-term investments held by the Fund as at June 30, 2008:

Type of Short-Term Investment	Rating	% of Short-Term Investments
Treasury Bills	AAA	100.0%
Total		100.0%

The carrying amount of these investments represents their maximum credit risk exposure, as they will be settled in the short term.

Credit Risk

In entering into the forward agreement, the Fund is exposed to the credit risk associated with the counterparty (RBC) and the risk that the counterparty (RBC) will not satisfy its obligations under the forward agreement on a timely basis or at all.

The credit risk is mitigated by dealing with counterparties that have a credit rating that is not below the level of approved credit ratings as set out in National Instrument 81-102.

The following is the credit rating for the counterparty to derivative instruments the Fund deals with during the period, based on Standard & Poor's credit rating as of June 30, 2008:

Dealer	Long-Term Local Currency Rating	Short-Term Local Currency Rating
Canadian Dollar		
Royal Bank of Canada	AA-	A-1+

5. Future Accounting Policy Changes

At June 30, 2008 the Manager has developed a changeover plan to meet the timetable published by the Canadian Institute of Chartered Accountants ("CICA") for changeover to International Financial Reporting Standards ("IFRS"). The key elements of the plan include disclosures of the qualitative impact in the 2008 annual financial statements, the disclosures of the quantitative impact, if any, in the 2009 financial statements and the preparation of the 2011 financial statements in accordance with IFRS with comparatives. The impact of IFRS on accounting policies and implementation decisions will mainly be in the areas of additional notes disclosures in the financial statements of the Fund.
